

AGM 22nd January 2010

The AGM was held in the Village Hall where 40 people attended. The AGM was followed by a talk on the Orchard Project by Steve Rodrick and one on the Red Kites by Cathy Rose.

Minutes of the AGM can be viewed by going to 'Committee Minutes'

Steve Rodrick talked about the loss of Orchards both locally and in the country as a whole. Naphill used to have a large number of cherry orchards but these have been lost over the years. A project has been set up to try and reverse this trend.

Cathy Rose gave a very informative talk on the red kite. She told us about the history of the red kite and we once lived side by side, why they were persecuted and how they have made a come back. Mention was also made of the current thinking behind their feeding by the general public.
